### STOCKS AND BONDS

NEW YORK, Oct. 30.—Trading on the stock market exchange today was characterized by a succession of bewildering reactions and recoveries, the latter predominating at the feverishly active finish.

There were surface indications of an extension of the long prevailing bear account, that element probably basing its operations on the unyielding attitude of the United Mine Workers.

The money market, with its recent uncertainties, also furnished some ammunition to the bears, although as it subsequently developed, call loans were at lowest levels of the week. As much as 9 per cent was paid in the final hour, but 6 per cent was fixed as the day's ruling quotation.

In the several reactions of the forenoon and mid-session, oils, steels and equipments suffered extreme declines of 2 to 10 points. Tobacco and miscellaneous specialties recorded similar losses, rails losing 1 to 2 1/2 points.

Texas company at the new maximum of 34 1/2 and further gains of 20 and 26 points for the South Porto Rico Sugar and Cuban American Sugar, respectively, most noteworthy because of the heaviness which prevailed elsewhere.

The buoyant rally of the last hour began with heavy buying of Republic Steel, United States Rubber and American International at gains of 5 to 9 points, and was accompanied by recoveries of 1 to 5 points in the general list, short covering contributing to the rebound. Sales, 1,500,000 shares.

Bonds, including speculative rails, were heavy. Liberty issues eased, but international were steady. Total sales, par value, \$15,775,000. Old United States bonds were unchanged on call.

### CORN MARKET

CHICAGO, Oct. 30.—Corn took a new upward swing in value today as a result of unfavorable weather and car scarcity, but weakness of the New York stock market led to something of a reaction. The close was unsettled at 1/4c to 3/4c net advance, with December \$1.27 1/2 to \$1.28, and May \$1.24 1/2. Oats lost a shade to 1 1/4c. Provisions unchanged to 5/16c lower.

Unwelcome rains and a forecast of snow gave an initial advantage to the bulls in the corn market, such conditions being likely to interfere with husking, shelling and hauling. On the bulker, December corn reached the tonmost point since September 24. After the mid-day, though, attention began to focus on the critical industrial outlook as reflected in Wall Street. A temporary dip in prices to below yesterday's finish ensued, with the market rallying again at the last. Oats averaged slightly higher owing to corn strength, but showed less power to recuperate.

Packers selling weakened provisions after moderate returns due to the action of grain and hogs.

## IN THREE WEEKS GAINS 14 POUNDS

"I'll Always Bless the Day I Began Taking Tanlac," Says Mrs. Whitney.

"It's the actual truth, I've gained fourteen pounds since I began taking Tanlac three weeks ago, and it's simply wonderful the way this medicine has completely restored me to health in so short a time," was the statement made to a Tanlac representative the other day by Mrs. Lucy Whitney, who lives at 945 East 48th street, Los Angeles, Cal.

"I was in a miserable, run down condition, and what little strength I had was dwindling away. My appetite left me and the little I ate didn't agree with me. My nerves were all upset; any little thing out of the ordinary that happened irritated me and at night I would have awful nightmares. For days and weeks at a time I have gone on half the sleep I ought to have had. My housework was a drudge. I couldn't half do it, and several times I thought of giving up entirely. I tried so many different medicines and treatments without relief, and all the time my health was getting worse. Finally I kept running down and getting so weak that I actually weighed only eighty-two pounds, and I became alarmed at my condition.

"One of my friends, a neighbor, suggested that I try Tanlac, as it had helped her so wonderfully. I was willing to give it a trial, so I told my husband to get me a bottle. 'No my drying day I'll bless the day I first got this medicine, for it's the finest thing I ever saw and the only medicine that ever did me any good. I began to improve from the very start, and have taken only two bottles, but I've actually gained fourteen pounds, and I'm glad to be able to tell you the wonderful good this Tanlac has done me. I've gotten completely over my nervousness and I can sleep like a child every night. My appetite has come back, and I can eat just anything I want and am gaining in weight every day. My constitution and whole system have been built up, and I had no idea such a great change could come to me so much better than my housework is a pleasure to me."

"Tanlac is sold in Bisbee by J. M. Hall, in Douglas by Douglas Drug company, in Paradise by G. A. Walker, in Bowie by Bowie Drug company, in San Simon by J. B. Cook, in Wilcox by A. A. Nicholson, in Lowell by Lowell Drug company, in Benson by C. F. Moss Pharmacy, in Gleason by B. A. Taylor, in Warren by Warren Pharmacy, in Pearce by B. A. Taylor, in Tombstone by B. A. ## When You Eat

If you are provided with an ELECTRIC STOVE TURN-OVER TOASTER and PERCOLATOR the help problem is no worry.

You eat whenever you are ready—you do not wait to be served—you are independent of the kitchen and the failure of incompetent servants.

## When You Iron

Whether it is a shirtwaist to be pressed or a day's washing to be ironed, an Electric Iron eliminates three-fourths of the work and shortens the time surprisingly.

## When You Sew

The Sew-Motor relieves you of the hardest part of the sewing job—that constant push—push of the treadle.

## When You Sweep

The Electric Suction Sweeper pushed quietly over the carpet makes it cleaner than the hardest beating.

## When You Wash

The Electric Wash Machine not only solves the clean clothes problem, but the new clothes buying as well.
